Hi Avi
Reading it literally it seems the Russians don't want it anymore.
If you think it's necessary I can check whether that's true.

Looking forward to hearing from you soon.

Тема: Meeting between Mr Vekselberg and Emma and Antonio Marcegaglia

Dear Yakov,
thank for your answer.

I we would like to hereby convey the invitation of Emma and Antonio Marcegaglia to Mr. Vekselberg for a meeting at the Island of Albarella to discuss, visiting the island, how could reach an agreement concerning investments that RENOVA is considering. In the discussion, and your potential investment, we would like to put all the touristic assets that today Marcegaglia is managing in Italy over the island of Albarella.
At the same meeting we could return to issues that were proposed in the agenda of the meeting that we have planned several weeks ago.
If it were to your liking we would ask of a possible dates to schedule the meeting.
